## How to Display YouTube Videos on Your Union Built PC Website:
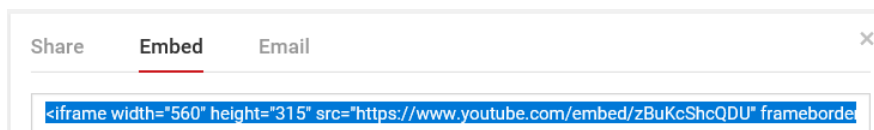

Go to www.YouTube.com.

Click on an existing video.

Under the video, click **Share**, and then click **Embed**.

Right-click the highlighted text in the box that displays, and then select **Copy**.

Go back to your UBPC website. Right-click in a field on one of your web pages (on the Admin side), and select **Paste**, to paste the entire line of text.

Save your changes.

View your public web page now and the YouTube video will appear.
